COLIN STANDEFER

web developer and creative problem solver

Mobile: 479-420-9532   e-mail: colin@standefer.net

LinkedIn: /in/cstandefer   Portfolio: cstandefer88.github.io/   GitHub: github.com/cstandefer88

SKILLS

Front End: HTML, CSS, Bootstrap, Sass, JavaScript, jQuery, AJAX, React, Angular

Back End: Node, Express, MongoDB, Ruby, Ruby on Rails, PostgreSQL

Other: Command Line (BASH), Git, GitHub, Trello, Heroku

PROJECTS

SwimSpot Austin: CSS, MEN Stack - github.com/cstandefer88/swimming_holes

Team project: Yelp-like app to detail local swimming holes in Austin, TX. Also allows for user login and reviews. My role was primarily designing and coding the routes.

Loqal: CSS, React - github.com/cstandefer88/loqal

Team project: App allows user to enter any location in the world and the map will populate with the ten nearest tourist locations. Utilizes Google Maps and Wikipedia APIs. My main role was in the design of the React components.

Xpndbl: CSS, MEN Stack with React - github.com/cstandefer88/xpndbl_full_stack

Solo final project: App allows user to enter in monthly personal finance information to track expenses as well as save past information for later review.

EDUCATION

General Assembly: Web Development Immersive

Berklee College of Music: Music Composition

WRITINGS

I've had multiple articles published by Front End Weekly. They can be viewed on my blog or on

Front End Weekly's site. I have one article each on Git, JavaScript, and React.

WORK

Pianist, Composer, Arranger, and Teacher: Self-Employed
Performed at the piano as soloist and accompanist, composed original music as well as arrangements of other musicians' music, and taught students of various ages how to play the piano.
